Industrial/OEM Coatings

INDUSTRIAL LIQUID AND POWDER COATINGS

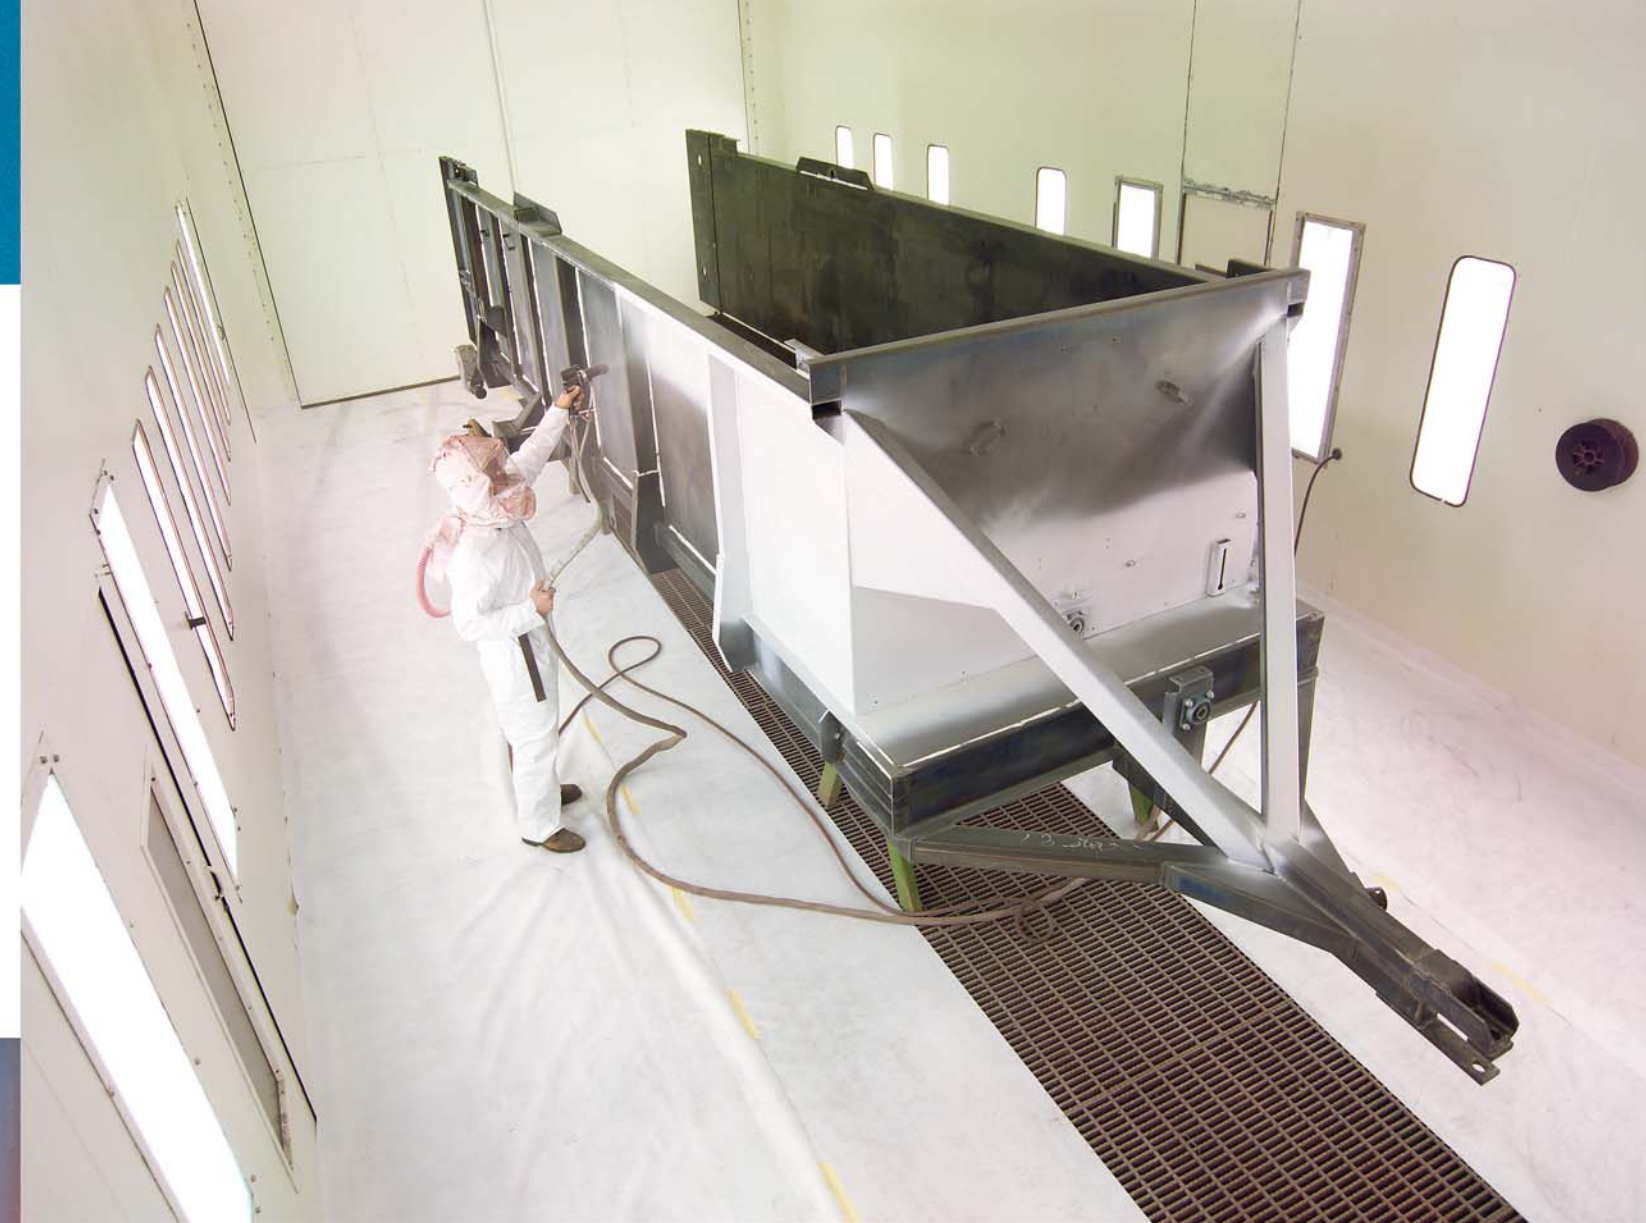

Formulated to your needs.

Diamond Vogel® OEM Industrial Coatings are designed and manufactured to give protection and beauty to a wide variety of surfaces and substrates.

Diamond Vogel® OEM Liquid and Powder coatings are engineered to meet precise customer requirements for environment, in-shop and external performance requirements.

“Delivering Quality Coatings Solutions, Distinctively!”

LIQUID COATINGS

The demands placed on the coatings industry have necessitated an increased commitment at Diamond Vogel® to provide our customers with the right product mix to fit application and performance requirements within governmental and environmental guidelines. Diamond Vogel's OEM coatings include over 2500 product choices and technologies that can be modified for custom application.

POWDER COATINGS

Peridum powder coatings offer excellent application and performance characteristics. Our state-of-the-art technology allows for tightly controlled particle size distribution that provides extremely good first pass transfer, edge coverage and smoothness.

Soaring above

It is our goal to bring a whole new perspective on how our customers view paint. By setting our sights higher than our competition and putting our focus on the customer we are able to formulate coatings that hold up to all varieties of surfaces both indoors and out. Let Diamond Vogel® take you to a whole new level of quality.

TECHNICAL SERVICE

Diamond Vogel® is committed to providing the highest level of technical service and expertise in both liquid and powder applications. We provide oven profiles, line audits, product demonstrations, cost analysis, performance testing and specification writing. Comprehensive painter training programs include classroom training and hands-on training in the booth with manuals and certification for ISO needs.
