

Ola Masters®

Quality Wood Finishes Since 1953

DISTINCT WOOD FINISHES

The dealer's choice for quality stains.

Old Masters® is nationally recognized for its comprehensive stain and finishes program. The smallest detail is equally important as the big picture when it comes to meeting – and exceeding – your expectations. Our commitment isn't just to quality finishes. It's also to finishing every promise we make with a commitment to your ultimate satisfaction.

“Conscientiously providing distinctive wood finishes with unparalleled service to the independent dealer, since 1953”

OUR PRODUCTS

Constant quality is a defining characteristic of Old Masters®. Beyond quality are features of our stain line that give our dealers the ability to better serve their customers: tintability, color unity between stain types and the ability to stain a wide range of surfaces.

Accent
the beautiful

There's nothing man makes that can transcend what God creates. There's little we can do to improve upon nature. But we can enrich the natural beauty of oak, enhance the individual character of cherry and highlight the knotty details of pine. This becomes our vision, to live in harmony with the wood that beautifies our environments, inside and out.

OUR SERVICE

Our highly trained professionals are dedicated to unprecedented levels of service. A diligent sales force focused on your needs, qualified technicians to serve you with product knowledge and result solutions, an efficient warehouse system that is prompt and accurate for timely shipments, and the empowerment to custom build your display and product mix to fit your store.

OUR CUSTOMERS

Our customers are our partners. When you succeed, we succeed. We serve a nationwide network of independent paint, hardware, lumber and home improvement centers with a commitment to the highest quality in wood finishes.
