Diamond Vogel® Paints has been manufacturing and distributing quality coatings since 1868. Providing quality products with dependable service is the foundation on which our company was built. It is our goal to continue this tradition by providing the professional painter with the tools and supplies they need. With that in mind, Diamond Vogel® works hard to find suppliers that provide the quality and variety of sundries and equipment needed by the professional.

Whether you need spray equipment, paint brushes, drop clothes, thinner, ladders, sandpaper or anything else, Diamond Vogel® has a complete line of products from suppliers you know and trust for quality and value.

Contact your local Diamond Vogel® representative or come by the nearest Diamond Vogel® Service Center to find what you need. When we say "Quality Lasts Longer®", we mean the products we sell and the knowledgeable service you receive.
