

# Double Hide and RTU

## LATEX FIELD MARKING COATINGS

Durable, long-lasting, vibrant athletic field lines made easy.

Formulated to be used on football fields, tracks, courts, and a variety of exterior substrates including turfs, concrete, asphalt, and cinders.

## Two Great Options to Make Fields Look Great

**Double Hide Field Marking Paint** creates bright, vibrant athletic lines on fields, tracks, and courts. Its concentrated formula allows flexibility based on the surface to be marked and the brightness desired. Cleanup is easy with soap and water. Double Hide is available premixed in both Brite White and Yellow.

**RTU Field Marking Paint** takes some of the hassle out of marking athletic fields. Its ready-to-use formula is great for spray application and ensures the lines look consistent each time. RTU Field Marking Paint creates bright, durable athletic lines on fields, tracks, and courts. Cleanup is easy with soap and water. RTU is available in White only.

### OUR FAMILY'S COMMITMENT TO YOU

Andrew Vogel, our founder, decided that the paint he perfected himself was the only paint good enough for houses and barns in the harsh and varied Midwest climate. In 1926, a paint company was born from a modest workshop laboratory. Four generations and millions of gallons of paint later, we still carry on the legacy of our

founder. Through our manufacturing facilities, stores, and dealers, we continue to provide the outstanding value and service that our company was built on. From perfecting our own formulas to producing and distributing our own products, our commitment and passion continues to be worthy of Andrew's name.
