# Vers-Acryl 300

ACRYLIC DTM PRIMER

**Vers-Acryl 300** uses the latest in waterborne technologies to provide long-term color retention while protecting the substrate from corrosion.

For use on interior and exterior surfaces, ferrous metal, galvanized metal, composites, aluminum, masonry surfaces, zinc-rich products, tanks, equipment, conveyors, and structural or support steel.

## Vers-Acryl 300 Acrylic DTM Primer

Vers-Acryl 300 Acrylic DTM Primer uses the latest in waterborne technologies to provide long-term color retention while protecting the substrate from corrosion. It is intended for architectural, industrial, and industrial maintenance projects in mild or moderate environments. This flat coating is designed as a primer that can be applied directly to both ferrous and galvanized metal, often referred to as DTM.

### FEATURES

- Long-term color retention
- Protection against corrosion
- Can be applied direct-to-metal (DTM)
- Water clean-up
- Ability to be tinted in a wide range of colors

### FIELD OF APPLICATION

Architectural, industrial, and industrial maintenance projects in mild or moderate environments

PHYSICAL PROPERTIES	FLAT
Finish	5 ± 2 @ 60°
Resin Type	Acrylic Latex
Dry Time to Touch	30 minutes to 2 hours at 70°F and 50% Relative Humidity
Dry Time to Recoat	2 to 4 hours at 70°F and 50% Relative Humidity
Recommended Dry Film Thickness per Coat	2.0 to 3.0 mils
Practical Coverage at Recommended DFT	192 to 289 ft <sup>2</sup> /gallon
Solids by Volume	36%
VOCs	See Technical Data Sheet

### OUR FAMILY'S COMMITMENT TO YOU

Andrew Vogel, our founder, decided that the paint he perfected himself was the only paint good enough for houses and barns in the harsh and varied Midwest climate. In 1926, a paint company was born from a modest workshop laboratory. Four generations and millions of gallons of paint later, we still carry on the legacy of our

founder. Through our manufacturing facilities, stores, and dealers, we continue to provide the outstanding value and service that our company was built on. From perfecting our own formulas to producing and distributing our own products, our commitment and passion continues to be worthy of Andrew's name.
