Diamond Vogel®

POWER AND ENERGY
COATING SOLUTIONS

Coatings that protect data center, power generation, and electrical infrastructure components from corrosion and demanding conditions, ensuring reliable performance at scale.

Diamond Vogel®

COATING SOLUTIONS

Data centers, power generation, and electrical infrastructure demand coatings that keep pace with **rapid buildout**. Diamond Vogel industrial coating systems **protect against corrosion** and **harsh conditions**, extend component life, and **maintain consistent finishes**. With liquid and powder systems matched to each application, we deliver durability that **keeps critical infrastructure running**.

COATINGS FOR THE POWER AND ENERGY INDUSTRY

INVEST IN QUALITY

When you invest in quality, it shows and it lasts. Diamond Vogel industrial liquid and powder coatings give coaters the **flexibility**, **aesthetics**, and **durability** needed to protect and prolong surfaces in even the harshest conditions.

Diamond Vogel®

POWER AND ENERGY COATINGS

Diamond Vogel liquid and powder coatings deliver complete solutions, from primers that protect to topcoats that perform in the toughest conditions.

	LIQUID	POWDER
Server Racks and Enclosures Stand up to routine cleaning, chemical exposure, and daily wear in critical equipment environments.	Hyperthane® Multi-Thane® Stratum®	Peridium® H-Series Peridium® T-Series
Generator and Power Equipment Hold color and gloss through high heat and sustained UV exposure, with some powder systems rated to 600°F.	Hyperprime® Hyperthane® Multi-Thane® Stratum®	Peridium® E-Series Peridium® P-Series Peridium® S-Series Peridium® T-Series
Structural Steel and Fabricated Components Keep production moving with finishes that withstand corrosion, weather exposure, and demanding service conditions.	Hyperprime® Hyperthane® Stratum® Workhorse™	Peridium® E-Series Peridium® P-Series Peridium® T-Series
Cooling and Mechanical Equipment Handle moisture and condensation on aluminum and galvanized substrates, with protection against corrosion under insulation.	Hyperprime® Hyperthane® Mult-E-Prime™ 500	Peridium® E-Series Peridium® H-Series
Electrical Infrastructure and Switchgear Meet specifications with consistent film build on enclosures and switchgear housings.	Hyperprime® Hyperthane® Multi-Thane® Stratum®	Peridium® E-Series Peridium® T-Series
Energy Storage Systems Resist acid and chemical contact with contamination-free finishes and ESD-compliant options.	Hyperprime® Hyperthane® Mult-E-Prime™ 500	Peridium® E-Series Peridium® M-Series Peridium® T-Series

Reliable Protection for Critical Systems

Protect the equipment powering what's next.

UL 1332 covers the requirements for Organic Coatings for Steel Enclosures for Outdoor Use Electrical Equipment.

UL recognition applies to select Peridium® product codes.

Touch-Up & Color Matching

One Source. Total Color Control.

Aerosols provide precise touch-up matches that align with your liquid and powder finishes for a consistent OEM appearance.

GROWTH AND INNOVATION

With **100 years of experience,** Diamond Vogel delivers coatings that protect and perform. Our focus on innovation and quality helps manufacturers stay ahead in demanding environments.

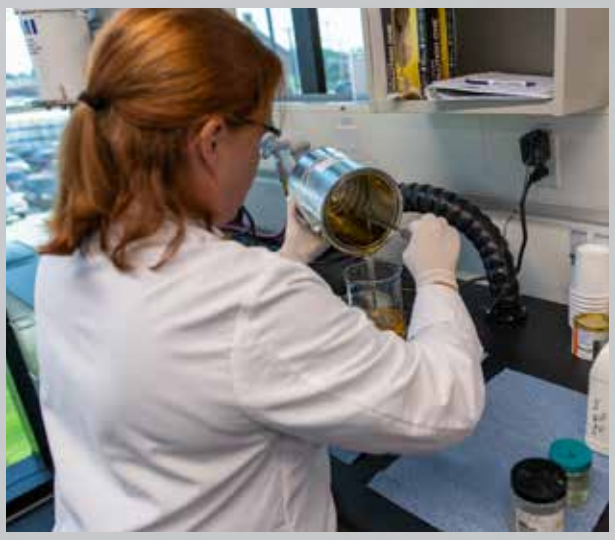

Diamond Vogel combines **trusted expertise** with responsive service, providing finishes that **extend product life** and **maintain appearance over time**. From liquid and powder systems to hands-on technical support, we deliver solutions that keep your operation **moving forward**.

TECHNICAL EXPERTISE AND SUPPORT

Our technical team works with you on your line to help your coatings perform the way they should. We provide hands-on support, from audits and oven profiling to troubleshooting and training, so you can keep production moving with fewer stops and less rework.

QUALITY

Quality is our culture. We're constantly innovating to find new ways to create quality products and meet customers' needs in an ever-changing marketplace.
