EverCryl

EXTERIOR 100% ACRYLIC LATEX

EverCryl is the foundation of a quick and successful exterior painting project.

Formulated for use on residential or commercial exteriors on new and previously painted wood, hardboard, vinyl siding, cement board, aluminum, galvanized metal, and masonry surfaces down to 35° F. Ideal for use on siding, gutters, soffits, and foundations.

An Efficient Solution with Great Results

EverCryl Exterior Acrylic Latex meets the demands of discerning painting contractors with its ability to be used at low temperatures and easy application by brush, roll, or spray. The long lasting acrylic formula ensures that EverCryl will look great for years on exterior surfaces, and resists fading so your colors remain vibrant and rich. EverCryl works with a purpose-built set of colors, affording effortless hiding, moving you quickly onto your next job. Available in both flat and satin. EverCryl Exterior Acrylic Latex is the foundation of quick and successful exterior painting projects.

Solids by Volume	33%	29%
VOCs	<50 g/L	<50 g/L

OUR FAMILY'S COMMITMENT TO YOU

Our founder, Andrew Vogel, decided that the only paint good enough for the barns and homes in the varied and often harsh Midwest climate was paint he perfected himself. So in 1926, from a modest "workshop laboratory," a paint company was born. Four generations, seven manufacturing

facilities, 63 service centers, and millions of gallons of paint later, we are still as stubborn. We still insist on perfecting our own formulas, producing and distributing our own products, and servicing our customers with the kind of passion and commitment worthy of Andrew's name.
