### OUR FAMILY'S COMMITMENT TO YOU

Our founder, Andrew Vogel, decided that the only paint good enough for the barns and homes in the varied and often harsh Midwest climate was paint he perfected himself. So in 1926, from a modest "workshop laboratory," a paint company was born. Four generations, seven manufacturing

facilities, 63 service centers, and millions of gallons of paint later, we are still as stubborn. We still insist on perfecting our own formulas, producing and distributing our own products, and servicing our customers with the kind of passion and commitment worthy of Andrew's name.
