

FOR IMMEDIATE RELEASE

Meika Vogel Receives American Coatings Association Industry Achievement Award

ORANGE CITY, IA, May 8, 2026

Diamond Vogel announces that Meika Vogel, Vice President and General Counsel, received the American Coatings Association (ACA) Industry Achievement Award during the ACA Industry Awards Dinner and Reception held May 4, 2026, in Indianapolis, Indiana.

The ACA Industry Achievement Award honors individuals who have made significant contributions to industry projects and association initiatives that advance the coatings industry. Vogel was recognized for her leadership and advocacy supporting ACA and the PaintCare® program. PaintCare was created by ACA on behalf of paint manufacturers to operate paint stewardship programs in U.S. states and jurisdictions that have enacted paint stewardship laws.

Vogel has served on PaintCare's Board of Directors since 2017 and served as Chair of its Budget and Finance Committee from 2022 through 2024. During her nine years of involvement, she has contributed to regulatory and policy efforts related to product stewardship in the coatings industry, including the addition of aerosol coatings to the California program and the development of broader national expansion strategies.

"Meika's recognition by ACA reflects her steady leadership, legal expertise, and commitment to responsible product stewardship," said Jeff Powell, CEO. "Her work with ACA and PaintCare has helped support practical, industry-led solutions that benefit manufacturers, customers, and communities."

Vogel also serves on ACA's Legal and Government Affairs Committee, where she has been a member since 2014. She is a member of the Association of Corporate Counsel and the American Bar Association.

The American Coatings Association is a voluntary, nonprofit trade association representing paint and coatings manufacturers, raw materials suppliers, distributors, and technical professionals in the United States. ACA advocates on behalf of the industry on legislative, regulatory, and judicial matters and provides education and professional development programs.
